

Makes Accurate On Time

Your Trusted Partner for Fast, Efficient Telereporting in Radiology

The Critical Challenge in Radiology

Reporting Delays

Clinics and diagnostic centers face delays in radiology reporting due to limited on-site specialists, leading to longer patient wait times and reduced throughput.

Specialist Shortage

Shortage of certified radiologists in India exacerbates inefficiencies, especially in rural or underserved areas, increasing operational costs and risking diagnostic errors.

No Scalable Solution

No reliable, scalable solution for 24/7 reporting without high overheads, impacting patient care and clinic revenue.

Our Comprehensive Solution

01

Seamless Telerreporting Network

Teleplex provides seamless telerreporting services with a network of certified radiologists delivering accurate, timely reports for all imaging modalities.

02

Enhanced Clinic Efficiency

Empowering clinics to focus on patient intake while we handle reporting efficiently, reducing turnaround times to hours instead of days.

03

Secure Digital Integration

Integration with your systems for secure, digital transmission and delivery, ensuring compliance and reliability.

Complete Service Portfolio

Comprehensive Imaging

Telereporting for X-rays, CT Scans, MRIs, Ultrasounds, and Mammography – precise interpretations by subspecialty experts.

24/7 Emergency Reporting

Rapid response for critical cases with immediate turnaround times when every minute counts.

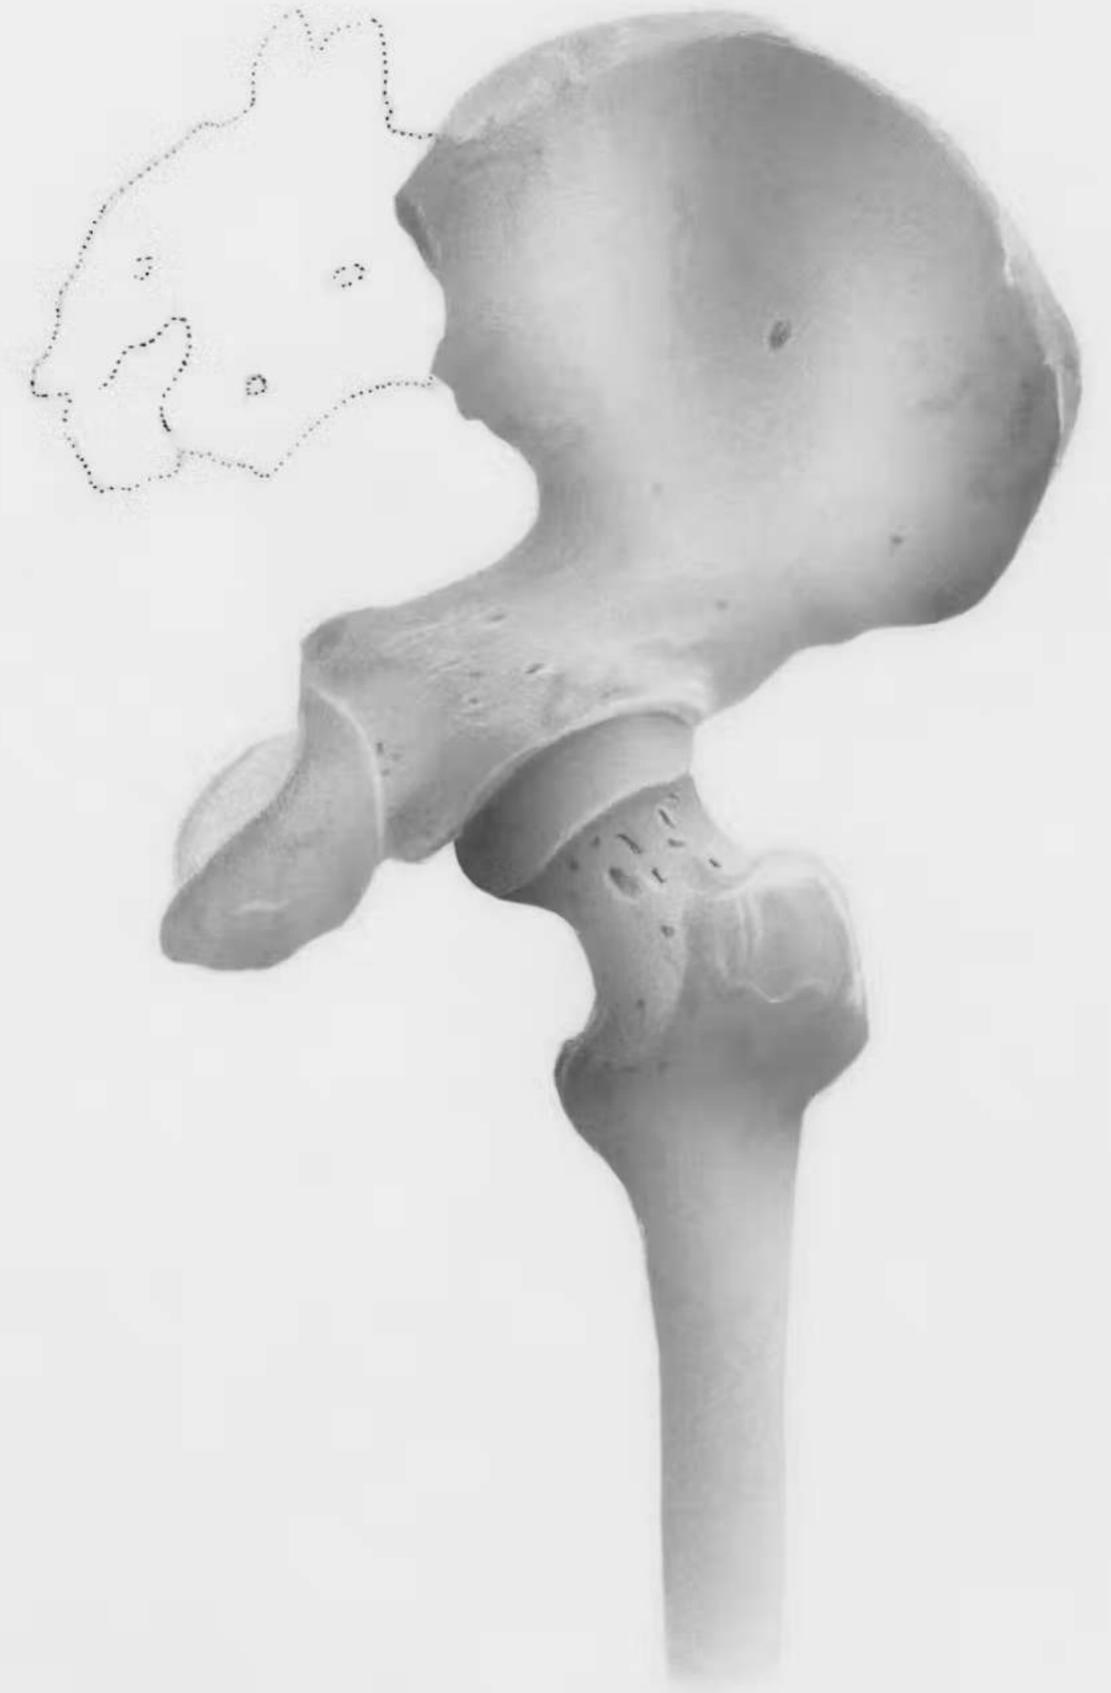

AI-Enhanced Quality

Combining human expertise with technology for error-free reports and enhanced diagnostic accuracy.

Custom Integration

Easy onboarding with training and ongoing assistance for seamless system integration.

Why Choose Teleplex

Dedicated Coordinators

Available at all times for operational and reporting support.

Radiologist Accessibility

For quality clarification and diagnostic discussions.

Fast & Consistent TAT

Without compromising report accuracy.

Multi-level Quality Assurance

Minimizing errors and maintaining standards.

Transparent Communication

Accountability from case receipt to report delivery.

Certified Radiologists

Board-certified doctors with years of experience ensuring high accuracy.

Rapid Report Delivery

1-4 hours for routine cases, under 30 minutes for emergencies.

Cost Savings

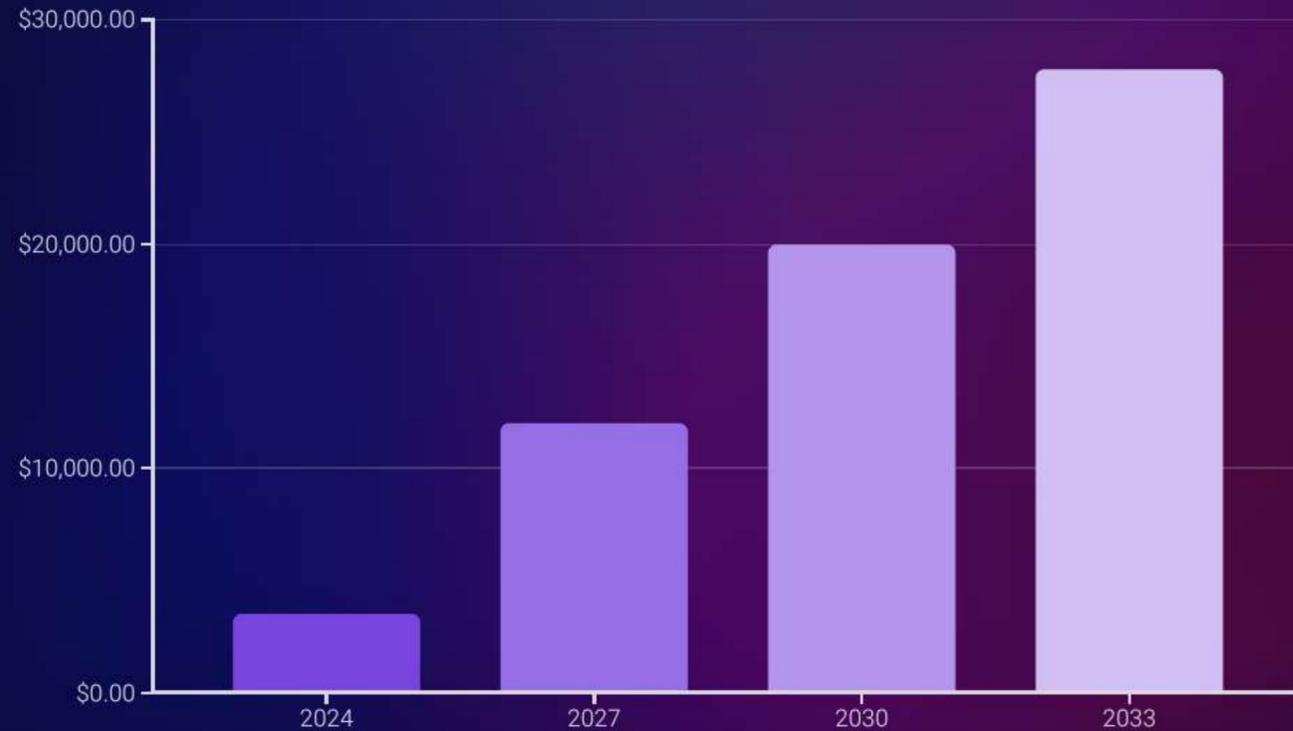

Reduce in-house staffing costs by up to 40% while accessing top-tier expertise.

Scalable & Secure Platform

HIPAA/GDPR-compliant, handling high volumes without compromising quality.

Massive Market Opportunity

24.7%

CAGR Growth

Projected compound annual growth rate through 2033

10K

Total Radiologists

For India's 1.4 billion population - massive shortage

Rising demand due to radiologist shortages and increasing diagnostic imaging needs in clinics. Partnering with Teleplex positions your clinic to tap into this growth, improving access to care in urban and rural India.

Flexible Business Model

Per-Report Pricing

Flexible pay-per-scan model starting at **INR 35-2,000** based on modality and urgency.

Subscription Retainers

Monthly plans for high-volume centers, offering unlimited reports at discounted rates.

Partnership Incentives

Revenue-sharing for long-term contracts, with free trials for initial onboarding.

Transform Your Clinic Operations

Improved Patient Satisfaction

Faster diagnoses lead to quicker treatments and better outcomes for your patients.

Operational Efficiency

Free up resources for core services, expanding your capacity without additional hires.

Competitive Edge

Offer round-the-clock services, attracting more referrals and partnerships in India's healthcare ecosystem.

MEDICAL CLINIC

Vision & Expert Team

"To be India's leading telereporting partner, bridging the gap in radiology access for every clinic and diagnostic center."

Founder – Supratim

Experienced entrepreneur in healthcare tech, focused on efficiency and trust.

Expert Team

50+ certified radiologists across subspecialties, backed by advisors from top Indian hospitals.
